

PARENT UNIVERSITY

is a new, collaborative effort between PVPUSD and the Peninsula Education Foundation. The goal of Parent University is to provide intermediate school parents with access to important district and student information, educational resources, and technology training. By increasing parent support at the intermediate level, we hope to empower parents to raise children who are successful in school and in life!

Included in Parent University is a speaker series covering topics on digital citizenship, adolescent brain development, and guidance on how to raise happy, high-performing students and athletes.

Please join us for our first session of Parent University. The first event is directed toward parents of incoming 6th grade students and new students in 7th and 8th grade. No RSVP is necessary.

SESSION #1
